

3-2-1 liftoff! Launch an affiliate and influencer program for your client in minutes

Whether your client is experienced with partnership marketing or just getting off the ground, impact.com makes it easier and more cost-efficient.

The impact.com Starter Edition helps brands set up their affiliate and influencer program in minutes — so you get your clients to their business goals faster.

Onboard even faster

Avoid long manual onboarding steps, so you can expedite your client's partnership program in minutes not days.

Win more accounts

With a streamlined onboarding process, you can reallocate time to winning more business and growing your client portfolio.

Drive more productive partnerships

You never worry about outgrowing your partnerships platform with tech that constantly innovates. As your clients grow, our tech grows with them.

A flexible plan fit for any budget

Starter Edition is accessible to any brand— regardless of size or budget.

Pricing starts at \$30 per month and includes a 20% usage rate on publisher commissions that exceed \$30— no **annual** commitment.

Connect your eCommerce store

Shopify, BigCommerce, WooCommerce, Adobe Commerce, and Squarespace merchants can integrate their online store with impact.com—without developer involvement.

Track partner performance to make informed decisions

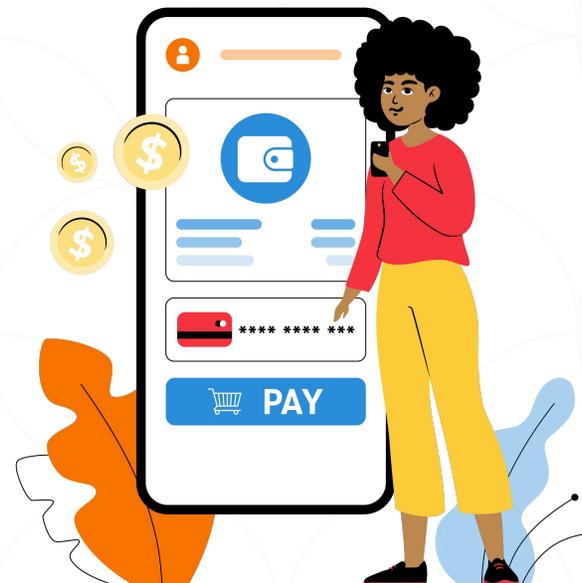

Uncover your partners' strengths and identify how they contributing to your revenue growth. Scale faster with better data insights.

Automate partner matchmaking

No time to sort through tons of pending applications? Opt-in to Impact AI and automatically approve brand-safe, high quality partners to your program.

Offer marketing assets to promote your brand

Empower partners to drive immediate value with proven marketing assets that help your clients scale.

Create and distribute tracked promo codes

Enhance your acquisition and retention strategies by incentivizing customers with deals to drive more sales.
